POSTAL REGULATORY  
COMMISSION  
WASHINGTON, D.C. 20001

Dear Commissioners:

We are writing to express our concern about Post Master General DeJoy's ten-year proposal called "Delivering for America." Mail service in our area, which has always lagged a day behind the Minneapolis part of the Twin Cities, has deteriorated in the past year. The postal workers here try hard to do a good job, but have been slowed by changes already instituted by Mr. DeJoy.

The proposal you are now considering will just make things worse, slowing deliveries even more, which is a real problem if getting medications through the mail. We don't believe the current Postmaster General actually understands what it takes to get the mail delivered in a timely manner. In fact, it seems to us that he is actively trying to destroy the system, which is protected under the US Constitution.

Please, please deny the changes asked for in the "Delivering for America" proposal.

Thank you for your time and consideration.
